

Parking arrangements for disabled persons at the International Exhibition Centre

There are four spaces in the parking area marked with road markings 537, 844 and 942 for vehicles with a disabled parking card.

According to the Road Traffic Regulations, **vehicles driven or occupied by disabled persons must display a disabled parking card** issued by the Road Traffic and Safety Directorate **on the windscreen of the vehicle.**

The parking area is on private property, **so there is a charge for parking any vehicle there.**

Parking can be paid at the parking payment machine (card payment) or on the Mobilly mobile app (payment zone – SIC).
